

17/09/2020.

Dear Sir/Madam,

RE: Invitation to Participate in a Virtual Meeting Towards Review of the CSO Engagement Framework on 21st September 2020

The Kenya Climate Change Working Group (KCCWG) is a national network of civil society organizations uniting voices and actions on climate change and sustainable energy access with the aim of creating synergies in response to the impacts. The network is comprised of over 400 entities.

Through financial support from World-Wide Fund for Nature (WWF-K), KCCWG is in the third year of implementing the **Africa adaptation initiative project** which aims at *enhancing the role of civil society organizations to effectively champion climate change adaptation efforts in Kenya*. As such, the network has prioritized facilitation of a virtual meeting that seeks to bring together members to review the draft CSO engagement framework following request by the Climate Change Directorate to provide input. The framework once adopted will allow for effective coordination between the Government and Civil Society Organizations towards smooth implementation of the National Climate Change Action Plans in Kenya.

Owing to above, I hereby invite you to this virtual meeting scheduled to take place on **Monday 21st September 2020, 9:00am-11:00am (through ZOOM platform)**. We have attached a tentative programme for the event and the draft framework. Kindly confirm your participation by Friday 18th September 3:00pm. Zoom **login details** will be shared later.

Thank you in advance as we look forward to your consideration towards an interactive review session.

Yours faithfully,

**John Kioli,
Chairman,
Kenya Climate Change Working Group,
Email: info@kccwg.org**
